*Is 3% to 5% of your income a week possible?*

We understand that not every family will have the financial ability to do this because of fixed or limited income, but many families do have this potential and maybe more.

As a gentle reminder, the gift charts are only suggestions. If every parishioner makes a commitment to the best of their financial ability, our parish will be able to plan for the future accordingly.

Please complete both sides of this form and include your name, address, phone number and email address. Please return in the envelope provided to the parish collection, drop off at the Rectory or mail back to the parish.
